I have a daughter a C of C and Uber is an extremely important to us. She uses it every week and we use it when we visit. I beg you to keep uber. It has proven to be safe, affordable and efficient.

Peggy Kuniansky

We also use it a lot in Atlanta and every time we have had a great experience.

I've used Uber in Charleston multiple times and always had a great experience. I was also happy to hear about Uber moving into Greenville. What you ought to be doing instead of cracking down on Uber is making sure public transportation like buses are clean and safe. No affordable taxi options, no safe public transpo options.... what do you expect South Carolinians to do?

To Whom it May Concern,

I'm dissapointed to hear that Uber's services in South Carolina are being challenged. On a recent trip to Charleston my fiance and I used Uber twice and found it to be safe and convenient, just as we have in our hometown and every other city where we have used it. We did take one cab, however, and our driver was extremely unprofessional and had a friend or family member who was on his phone the entire ride also in the cab.

My fiance and I selected Charleston as a destination for our upcoming wedding for many reasons, and the ability of our guests to easily get around with a familiar and trusted source such as Uber is one of them. I please hope that this note is taken into consideration and hope that our wedding party is able to use Uber in September to see everything that makes Charleston so great. Thank you.

Subject: SC needs UBER

Hello,

I just learned of news that an order has been made for Uber to cease. This is very disappointing news!! I have used Uber very often and it offer me an affordable, convenient and safe form of transportation. I feel more comfortable taking an uber rather than a traditional cab. This decision has to be overturned immediately.
